ISRAEL, GENTILES AND THE MYSTERY OF THE GOSPEL

Have you ever wondered about the place and role of Gentile believers within Israel? What about a Gentile's relationship to the Torah? These hot-button topics were as much debated in the days of the Apostles as they are today. Grafted In seeks to sift through these questions in a balanced and clear manner that centers entirely on the Scriptures. Join us as we dig deep into the letters of the Paul and the other apostles. Learn how their use of the Hebrew Scriptures and *midrash* (Jewish style of interpretation) ultimately lead them to believe that Gentiles in Messiah not only have become equal partakers in the commonwealth of Israel but to invite Gentiles to participate in Torah lifestyle. In this seminar we hope to:

- Learn what it means for Gentiles to be “grafted in.”
- Discover the unique role of the Nations in the people of Israel.
- Be encouraged about the place of Gentiles at the table of Israel.
- Find a healthy perspective for Gentile identity in Messiah.
