## What is the CMJI

CMJI is a centre for learning and leadership development in the Hebraic roots of Scripture while staying true to New Covenant faith. It is an educational project of the CMJC (Council of Messianic Jewish Congregations) of Alberta. We exist to engage members of the global body of Messiah in order to reach Jewish people with the Gospel, to enrich the Body of Messiah with Messianic Jewish understanding of the Scriptures and to empower a future generation of leaders for congregational leadership and ministry within the wider Messianic community.

## Vision of the CMJI

One of the greatest needs within the Messianic movement in Canada and around the world is to empower and equip the present and next generation of Messianic believers for leadership. Our vision is to establish a reputable Messianic Jewish Bible Institute in Canada with the goal of offering high quality courses to the Messianic Community, to educate the Church about the Jewish roots of New Covenant faith and to provide opportunity for potential leaders to be trained, equipped and qualified to give leadership in Messianic congregations and ministries within the Messianic Jewish community. CMJI is in partnership with Rocky Mountain Bible College in Calgary, an accredited Online College, which offers degrees in Biblical Studies. The CMJI is developing Messianic courses that are presently available through RMC for students who are interested in pursuing Biblical and Theological studies.
